PROFILE

I'm Abid, a front-end developer who is specialised in using React and Tailwind CSS to create visually appealing, responsive, and user-focused interfaces. I have a strong dedication to writing effective, maintainable code and to advancing my knowledge of new development techniques. In addition to frontend development, I have practical experience in backend technologies like Node.js, Express.js, and MongoDB, which allows me to work with teams and contribute to full-stack applications.

SKILLS

- HTML
- CSS
- Tailwind css
- JavaScript
- Firebase
- React JS
- NodeJS
- Mongodb

EXPERIENCE

FRONT END DEVELOPER

Designed and deployed fully responsive web applications with a focus on clean UI/UX and performance optimization. Skilled in React, Tailwind CSS, and Firebase, with practical experience in Node.js, Express.js, and MongoDB for building and integrating backend services. Actively growing through personal full-stack projects and continuous learning.
